BUSINESS IS UNUSUAL BUT DEPENDABLE COVID-19

To Our Valued and Respected Customers,

We have made smart changes to our everyday approaches knowing that our collective health hangs in the balance. **Business is a bit unusual these days, but no less dependable.** We continue to adjust our processes to ensure that common sense factors suggested by our health professionals are being adopted and followed for everyone's protection.

- All working surfaces are cleaned and sanitized daily to eliminate and prevent the growth of viruses.
- Many of our personnel are working from home handling business via phone, text or email.
- Our "out-of-the-office" service personnel are encouraged to wear gloves when feasible and "elbow bump" to acknowledge the valued customer relationship.
- Our manufacturers in the supply chain are proactively changing processes and protocols to keep the threat of the COVID-19 away.

We are open and available to respond to your needs in a timely and professional manner with dependable and efficient solutions delivered and installed with expertise.
